President's Message

Dear members and friends,
Since our last update in March 2021 PACE has continued to operate using virtual meetings and events and this Fall it seems we will have to continue in this mode for some time due to the COVID-19 DELTA variant now spreading here and around the globe.

Thanks to your continued support, PACE has accomplished much of our goals in providing support for the early childhood schools and teacher education in Jamaica and Toronto.

Greetings from Dr. Mavis Burke

Dr. Burke is doing well and has moved to a new retirement home. She has a new phone number, and if anyone wishes to contact an email can be sent to Diana Burke at president@pacecanada.org

Memories of Jamaica November Event

We have another exciting online event planned for Sunday November 7th at 2PM. Gather the family together and tell us about your favourite memory of Jamaica. We will provide music and a variety of entertainment.

Funds raised from this event will be added to our "Tablets for Schools" project.

Various PACE members participated in the JCA Walk-Good Walk-A-Thon on June 27, 2021. During the event Diana Burke was interviewed on the Charles Matthew Show to describe why PACE was supporting this worthy cause and how the funds would be used.

PACE Board Member Maxine Bailey

Here is a photo of Maxine during her participation in the walk. She recorded a video to encourage her friends and family to make a donation.

Jamaica's 59th Anniversary of Independence Reception

PACE Canada Board Member, Andria Barrett, represented us at the reception to celebrate Jamaica's Anniversary of Independence. It was an opportunity to meet Her Excellency Sharon Miller (Jamaican High Commissioner to Canada) and Lincoln Downer (Consul General). The function was held at the Consulate office in Toronto on Thursday, August 12, 2021.

Impact of Online Learning for Early Childhood Education

Principal of Epsom Basic School in St Mary, Carleta Thomas-Douglas, has asserted that though online instruction is not ideal for young children, its effectiveness could significantly improve if parents are more involved in the process.
